

EXPIRATION OF THE ENTRY BAN

Yesterday September 28 the entry ban for foreign tourists expired.

It means that foreigners without close relatives and work permits **can** also **enter Ukraine**.

However, we must pay attention to the fact that not all airlines know about the end of the restrictions, so we advise you to check with the airlines in advance to avoid misunderstandings during boarding.

Moreover, the Cabinet of Ministers emphasized the attention of the necessity to have an up-to-date [insurance policy](#) for certain categories of foreigners.

If you have any questions about policies or entry, please contact us.

ABEA will always help!

Sincerely,
Your ABEA team
